**Saturday, &  
Sunday**  
**January 13-14, 2018**  
**San Diego, CA**

The Wild Child Wallet is done in Japanese bead embroidery method and is an entry-level piece. Bead Embroidery in the Japanese method incorporates silk embroidery techniques translated with beads. The bright coordinating Wild Child fabrics, compliments the colorful Flower Fiesta foundation fabric. A variety of tri-cuts and glass seed beads make up the palette of these playful colors. The foundation fabric is offered in a Blue or Pink color way. The brightly colored purse zipper accents the variety of fabrics found in the Wild Child collection designed by internationally known quilter Jane Sassaman. This piece can be stitched on stretcher bars. The kit contains: Beads, cotton fabric, paper & pattern, color picture, coordinating lining fabrics, interfacing, wallet frame and pattern, needles (Japanese M2 & M3), Gutermann sewing thread, Design size approx. 7.5 in x 8.25 in. Ghost stitchers are welcome.
