Brrrrr! Ready for a little winter chill? Join us for this very **COOL** Nancy Cucci design! Winter Crystals is a salute to the beauty and complexity of one of Mother Nature's most fascinating works of art – the snow crystal. Stitched on gray congress cloth with over-dyed silk, floss, metallics, and beads, this sampler will offer the student an interesting adventure through the world of decorative needlepoint stitching and beading. Size 15 Delica beads add the iridescent sparkle to the intricate crystals, patterns, and backgrounds. And there will be no pressure in class because everyone knows that no two snowflakes are alike! The design is 10x12 on 24 mesh congress cloth. The kit contains the marked congress cloth, detailed stitch guide and all of the fibers, beads, and embellishments needed to complete this project. Registration is limited; ghost stitchers are permitted.

Registration Deadline August 4, 2019
